The **XM Series**, Janam's rugged, Windows® CE mobile computer, delivers all the built-in capabilities today's business applications demand and is smaller, lighter and far less expensive than comparable products. The **XM60** features a color, QVGA display, Freescale™ MX21 processor, backlit numeric keypad, WLAN and Bluetooth. It weighs less than 10 ounces, meets IP54 sealing requirements and withstands multiple 4'/1.2m drops to concrete across wide temperature range.

The **XM60** also features Janam's 2D scanning solution which enables users to upgrade barcode scanning capability from 1D to 1D/2D on any device at any time with a simple firmware upgrade.

MOBILETY brings the complete capabilities of full scale POS to the mobile environment: sales, returns, exchanges, special orders, and layaways are all at your fingertips. Complete support of discounts by percent or dollars, markdowns, coupons, or promotional pricing can be performed at the kiosk or at the front door. Accepting cash, credit, checks, or gift cards on the sidewalk, in the tent, or at the convention center, POS is now as versatile as your business needs.

MOBILETY is designed to provide a simple, configurable interface to your existing POS, merchandising, or ERP solution.

The **MOBILETE** terminal application is a complete stand-alone application providing a touch screen environment for seasonal expansion, line busting, kiosk, and all other forms of sales environments.

MOBILETE is operational in Batch with ActiveSync communication, 802.11b/g for RF and WiFi communications, and CDMA for Cellular communication.

MOBILETE supports Bluetooth device-to-device communications.
