

Mobile POS / Lane Busting

The Perfect Solution From the Perfect Team

The Zebra RW 420 is a mobile printer ideal for printing delivery receipts and invoices on the go. Its modular design allows users to choose among wireless options, card readers, and integral accessories such as vehicle mounts for simplified route printing. Its convenient vehicle mounting and charging options, as well as its user-intuitive interfaces and angled display allow for easy use while on the go!

As the only mobile printer to meet the stringent IP54 dust and water resistance rating, the RW 420 can withstand the harsh demands of a number of route accounting and field service printing applications, including invoices, delivery receipts, service estimates, sales orders, and inventory management.

MOBILETY brings the complete capabilities of full scale POS to the mobile environment: sales, returns, exchanges, special orders, and layaways are all at your fingertips. Complete support of discounts by percent or dollars, markdowns, coupons, or promotional pricing can be performed at the kiosk or at the front door. Accepting cash, credit, checks, or gift cards on the sidewalk, in the tent, or at the convention center, POS is now as versatile as your business needs.

MOBILETY is designed to provide a simple, configurable interface to your existing POS, merchandising, or ERP solution.

The **MOBILETY** terminal application is a complete stand-alone application providing a touch screen environment for seasonal expansion, line busting, kiosk, and all other forms of sales environments.

MOBILETY is operational in Batch with ActiveSync communication, 802.11b/g for RF and WiFi communications, and CDMA for Cellular communication.

MOBILETY supports Bluetooth device-to-device communications.

Mobile POS / Lane Busting

The Perfect Solution From the Perfect Team

The Datalogic Skorpio™ is a rugged mobile computer particularly suitable for mobile commerce solutions in the retail environment both on store shelves and in the stock room. Thanks to one of the best ergonomics ever seen on the market, Datalogic Skorpio™ reduces operator fatigue with no compromise in terms of reliability and robustness, resisting harsh environments, multiple drops, strong shocks and repetitive tumbles.

Its wireless communication capabilities (Bluetooth®, Wi-Fi® certified 802.11b/g) enable fast transactions and complete interaction with information systems including the newest RF security protocols such as WPA™ and WPA2™.

Datalogic, Zebra, and **MOBILETY** can also provide a solution for all of your in store retail needs, providing full operation support for:
